MNMS Book Drives

This year we held Book Drives in collaboration with several schools and organizations. **We collected & donated over 6,500 books in CA.**

In a special event in collaboration with **BookEnds™**, MNMS@Chaminade sorted an additional **8,000+ books to be given to underprivileged children.**

“The best testimonial was that they are interested in doing this again. This is beautiful and effective leadership of what you are inspiring your peers to accomplish. Congratulations.”

The Stories

“I had been holding this story in for years, thank you MNMS for giving me a chance to lift this huge burden off me...”

The stories we share inspire the soul, some show **the potential of the human soul on fire**, while others are stories of overcoming Bullying, Addiction, Abuse and on and on.

Special Mention: Judith Francis's story, **The Miracle on 9/11** was played in classrooms across the country on Sept 11.

14,500 Books

MNMS Leaders, Members and Legacy Supporters

The heartbeat of the organization. We are blessed with an incredible team from all over the country and around the world!

“We believe that MNMS can provide a vehicle to inspire others to overcome to become the leaders of tomorrow. That's why we support this organization.”

MNMS School Clubs

Here are some comments from the School Faculty that have had a chance to interact with a MNMS event.

"It has been an honor to work with MNMS at Chaminade. Despite it being in its infancy, MNMS has already made a significant impact in the lives of many children. The book collection and distribution to various children's hospitals brought joy and an escape for these children fighting illness...the student leaders of MNMS exemplify what it means to be a leader in their community and how we all have the ability to make change in this world."

The Voice of our Leaders

We asked some of our Leaders why they got involved and what have they specifically gained by being part of the MNMS Community. Here are some responses:

"Being a part of MNMS has allowed me to make new friends and be a part of something important. I have learned that everyone has their own story and that we can all listen to each other and live harmoniously."

"MNMS has been one of the most eye opening experiences of my life. I have grown more tolerant, understanding, and compassionate of others through my work with this organization. It has easily been the most rewarding thing I have ever done in my life for not only myself but for those who I have helped directly and indirectly."

"MNMS has been a life-changing experience for me. It has taught me lessons and morals that I could not have learned anywhere else. It has helped me grow as a person and has shown me the capabilities of my talents."

"Being a part of the My Name My Story team has taught me that something so small like a book or to act as one's listening ears can change the way they look at life."

The Future

The future is exciting at MNMS with our goal of having a **MNMS Club** across every school, **Impactful Stories**, **Community Book Drives** and **MNMS Live! Events**.
